

Sivaparvathi K

Backend Developer – Java | Python | SQL | API and Database Specialist

Ariyalur, Tamil Nadu | sivaparvathi12k@gmail.com | +91 9578689120 | linkedin.com/in/Sivaparvathi K

PROFESSIONAL SUMMARY

Master's in Computer Science graduate with a Bachelor's degree in Computer Science. Skilled in Python, Advanced Java, Deep Learning, and MySQL, with a strong foundation in Object-Oriented Programming (OOP) and problem-solving. Familiar with frontend technologies including **HTML5, CSS3, and JavaScript** (Beginner). Possess hands-on knowledge of Google Cloud Platform (GCP) fundamentals, including virtual machines, storage, networking, and cloud security concepts. Quick learner and adaptable professional, eager to contribute technical expertise and grow in a collaborative, innovation-driven environment.

WORK EXPERIENCE

Marcello Tech, Trichy

May 2025 – Jun 2025

Build with AI: A Practical Internship in AI and Generative AI

- Completed an internship in AI and Generative AI, gaining practical experience in building prompt-based applications for text and image generation using pre-trained models.
- Learned core concepts of Artificial Intelligence, Machine Learning, and Generative AI.
- Implemented basic text-to-text and text-to-image generation tasks.
- Used Python and AI libraries to interact with AI models.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL

Databases: MySQL, Microsoft SQL Server

Libraries: OpenCV, NumPy

Core Concepts: Object-Oriented Programming (OOP), Collections, RGB Image Processing, DEEP Learning

Familiar: HTML5, CSS3

PROJECTS

Personal Portfolio Website

May 2026

HTML5, CSS3, JavaScript

- Developed a responsive personal portfolio website using **HTML5, CSS3, and JavaScript**.
- Showcased skills, projects, education, and contact information through a user-friendly interface.
- Implemented responsive design and interactive features to enhance user experience across devices.

A Deep Learning–Based Medical Image Analysis Framework with Explainable AI for Clinical Decision Support

Mar 2026

Python, OpenCV, RGB, Numpy

- Deep Learning is used to analyze datasets and correctly process X-ray scans into the required format. In this system, AI is applied to support medical professionals by assisting in diagnosis.
- The model can identify abnormalities such as tumors or unusual patterns in X-ray images and provide accurate and reliable information.
- This helps doctors make better clinical decisions and reduces the chances of human error.

Unemployment Analysis Dashboard – Data Reporting System

Dec 2023

Power BI, SQL, Microsoft Excel, Data Analysis

- Developed an interactive **Power BI dashboard** analyzing unemployment trends across Indian states using maps, bar charts, and line graphs.
- Processed and cleaned large datasets using **SQL queries and Microsoft Excel**; identified high and low unemployment regions, demonstrating strong **data management and backend reporting** capabilities.

EDUCATION

Master of Science in Computer Science

Sep 2024 – May 2026

Government College for Women (A) - Kumbakonam.

- **CGPA: 8.6 / 10 | Graduated with Honors** **Coursework:** Java, C, C++, DBMS, Operating Systems, Computer Networks, Data Structures and Algorithms

Bachelor of Science in Computer Science

Oct 2021 – Apr 2024

Government Arts and Science College, Jayankondam

- **CGPA: 8.1 / 10 | Graduated with Honors** **Coursework:** Java, C, C++, DBMS, Operating Systems, Computer Networks, Data Structures and Algorithms

Higher Secondary Certificate (HSC) – Government Girls Higher Secondary School - Meensurutti	Jun 2020 – Mar 2021
• Percentage: 80.0%	
Secondary School Leaving Certificate (SSLC) – Government Girls Higher Secondary School - Meensurutti	Jun 2018 – May 2019
• Percentage: 64.8%	

CERTIFICATIONS

• NPTEL Online Certification - Software Project Management [Certificate]	Oct 2025
• Wadhvani Foundation - Problem Solving and Innovation [Certificate]	Sep 2025
• NPTEL Online Certification - Introduction To Internet Of Things. [Certificate]	Apr 2025
• Foundation in Coding and Cloud Program by IBM – Edunet and TNSDC. [Certificate]	Oct 2023

ACHIEVEMENTS AND ACTIVITIES

• Plan and prepare to develop AI solutions on Azure [Certificate]	Jan 2026
